Letired at Forty Resumes Control of

Railroad at Fifty-Seven. Alexander Johnson Cassatt retired est railroads in the country. He was born in Pittsburg. Though poor, his parents gave him a good education. He became a civil engineer, and the first work he got to do was an a road being puilt in Georgia. He remained in the South two years and on the breaking out of the Civil War he returned North, and entered the service of the Pennsylvania Railroad,

Cassatt's hbility won rapid promotlon. In nine years he built new shops, improved the construction of cars and locomotives and began the work of bringing contributing lines into a system of railroads under one management. Then, when he was thirty-one years old, the position of general manager was created for

One of the first things he did in this position was to introduce the airbrake which at that time received scant encouragement from railroad men. Cassatt was told that it was

His experiments cost thousands of dollars, but they established the practicalitity or the air-brake.

It was Cassatt also who developed the idea of combining individual roads into one great system. In 1872

Bobbitt Chemical Co., Baltimore, Md.

Dear Sirs: I was laid up last November with Rheumatism in my feet and ankles, but after taking four bottles of Rheumacide I have not been bothered since. I tried every old kind of liniment and was under two doctors, and all I tried had the same result, until I got Rheumacide. Now, I am pleased to say, it has not been necessary for me to take any medicine for Rheumatism since February last. Everybody that I recommended it to has had the same results

There's Danger in Delay.

Origin of the Halo.

In the public places in Athens one of two thousand years ago the Greeks two thousand years ago the Greeks set up the statues of their gods and goddesses. To guard against the possibilities of the rain staining the marble faces their masterpieces they used to protect each with a large metal plate at the top of the head. These were mistaken by the preraphaelite painters for emblems of divgarret. The machine calls up central cure wind colic, and is the best remedy had been secretly seeking to obtain. inity. Accordingly to this day we see around the pictured heads of our Christian saints the curious little ring which is known as the halo.
